INUYAMA FESTIVAL 4th & 5th April 2026

Inuyama Festival, a UNESCO Intangible Cultural Heritage, is a traditional festival with a history dating back to the 17th century. The highlight of the festival is when the paper lanterns on the “Yama dashi”, three-tiered wooden floats, are lit at night, beautifully illuminating the ancient castle town.

Sekai o Tsunagu has blocked hotel rooms in Inuyama for April 3rd and 4th, 2026. This is the peak cherry blossom season and hotel rooms are hard to book but Sekai o Tsunagu will be able to offer rooms for your clients to enjoy the cherry blossoms and the festival while staying in the city.

Please take this opportunity to contact us to give your customers a special experience that will be the highlight of their trip to Japan.
